# MANIFESTO OUTPUT

## Project Capitalisation Activities

Throughout the SCOW project, **several capitalization activities** will be developed in order to present the project and disseminate the main results/strategies within potential interested sectors and entities.

One of them is the **proposal of regulatory and policy recommendations.**

# MANIFESTO OUTPUT

## Survey on food waste management

- Questionnaire (online version) on food waste management within Mediterranean countries
- Addressed to stakeholders like **project partners, project associates**, governments, entities involved in MW as well as a selected **group of qualified experts**.
- Consists of **10 main questions on food waste management and strategies** and 2 complementary questions about the creation of a Mediterranean network on food waste management.
- Consider the **feedbacks, opinions and findings** in the drafting of the Manifesto. **30 surveys completed**

# MANIFESTO OUTPUT

## Manifesto elaboration process

**“Manifesto for proper food waste management and strategies in the Mediterranean Basin”**

- Elaboration of an initial draft distributed to all the workshop participants and experts. Reception of contributions and remarks.
- Elaboration of a final draft to be discussed and agreed upon during the SCOW technical workshop.

# WORKSHOP DYNAMIC

## Dynamic of the workshop/debate

- Presentation of main **results of the survey**
- Presentation of each of the **sections/topics of the Manifesto** by one of the experts
- **Debate on the contents** (especially the commitment) of each section separately

## WORKSHOP DYNAMIC

### **Dynamic of the workshop/debate**

- You are kindly invited to intervene in the debate and make contributions.
- Please we beg you to propose relevant issues (trying not to focus on details and terminology if possible), especially related to the Commitment statements.
- Please consider the contents of the final Manifesto should be **concrete and understandable but at the same time affordable and committed (not focusing on very specific options)** in order to be joined by the largest number of Med entities and experts.
- The **Introduction** and the **Suggestions** of each section are included to better define the context and indicate the most positive strategies (but these contents are not considered an obligation).
